

## Sounds of Global Worship I

In 2015, Heart Sounds International celebrated 15 years of encouraging heart worship from the nations. Enjoy our first album as our gift to you.

The songs on this compilation album represent churches and individuals across the globe. We are so grateful for the opportunity to partner together. Many labor on the frontlines of oppression and suffering, who are often forgotten or unheard by the “powers that be.” In our estimation, they are “first” in the kingdom of God.

We are honored to have a small glimpse into their lives. We are also grateful to the growing team of musicians and engineers who give their time, money, and skills to make these recordings possible. The vision before us is that God will be worshiped by every tongue, tribe, and nation.
